

List of accepted documents for photo verification with Fourthline

A customer's identity can only be verified if they have at least 1 of each of the following:

1. **“Country of Residence”** in one of the countries showing a green check mark
2. A valid piece of ID from one of the countries showing a green check mark in either **“Passport (Option 1)”** or **“National ID Card (Option 2)”**

Some nationalities not listed below along with non-accepted ID may lack the necessary security features on their government-issued documents that allow for online verification of an individual's identity. Vivid Money is not responsible nor decides on the required country of residence nor the list of acceptable documents. This is determined by solarisBank in accordance with digital banking regulations.
