

Vivid Points Program – Booking.com

1. Prerequisites

- Every private customer of Vivid Money is entitled to participate in the Vivid Points Program – Booking.com. This offer is correct at the time of publishing.
- Customers receive cashback in the form of reward points from Vivid Money for purchase of services ("**Vivid Points**") from Booking.com ("**Partner**"). By purchase, it means any successful card transaction, which wasn't reversed. Each Vivid Point is worth EUR 1.00. The Vivid Points are granted on the basis of the gross amount of the Transaction value (including VAT) without incidental costs such as packaging and/or shipping costs or other fees charged by the Partner.
- The cashback does not apply to taxes, additional fees, and similar surcharges or cancellation fees.
- **For a Standard Plan customer:** each customer can receive cashback in the amount of 4% of the purchase price (including VAT).
- **For a Prime Plan customer:** each customer can receive cashback in the amount of 4-10% of the purchase price (including VAT). Vivid Prime promotion is valid until 05.11.2021.
- The amount of cashbacks is subject to change without notice at Vivid's Money sole discretion.
- Offer is only available for Vivid Money customers from EU countries.
- In order to participate in the Vivid Points Program - Booking.com the customer should click the "Book Hotels" tab from the Rewards Tab directly in the Vivid Money App and not via third-party platforms. Cashback can only be granted if the customer purchases Partner services online with Vivid card or links Vivid card to the booking via booking.com/vivid-money-standard or booking.com/vivid-money-prime website.
- The Vivid Points Program is only available for properties with the Cashback badge (i.e. a special sign mark indicating cashback amount) on Booking.com website. The Cashback badge cannot be applied to customer's booking once the customer has made a reservation.
- The Customer can only use one offer with a Cashback badge per booking.
- Vivid Points are not granted if the customer did not link the Vivid card to the booking.com and paid offline for Partner services.
- Cashback is only applicable for room charges only. Other fees and charges, including but not limited to taxes, service charges, food and beverage, or room service charges will not be eligible for the Vivid Points.
- The amount of cashback is calculated based on the original booking value in Euro and will be credited to the customer's Reward Pocket in Vivid Points. Should any amendments be made after the booking, the amount of Vivid Points will be adjusted accordingly and will be calculated based on the latest booking value.
- The Vivid Points are credited to the Reward Pocket of the customer's Bank Account within 64 days after check-out date.
- Information on the Partner as well as the type, scope and conditions of the respective Vivid Points granted for purchases with the Partner can be found in the Vivid Money App. The type, scope and conditions of the respective Vivid Points granted may change at any time.
- When purchasing products from a Partner or using the Services of a Partner, a contractual relationship exists exclusively between the Partner and the customer. Vivid Money is not responsible for the performance and behaviour of the Partner or the products or services purchased via the Partner.

- Cashback is non-transferable, non-cumulative, cannot be exchanged for cash or other products or be used in conjunction with any other promotions, offers, vouchers, rebates, or privileges within Booking.com unless otherwise stated.
- Participation in the Vivid Points Program - Booking.com is available in parallel with the Genius loyalty program offered by Booking.com.
- The customer shall check his/her booking summary before booking. In case the offer does not work, please refer to the Booking.com B.V. [Help Pages](#).

2. Linking of Vivid Points to Stocks and Redemption of Vivid Points

- As soon as the Vivid Points are credited to the Reward Pocket in the customer's Bank Account, the customer shall link the Vivid Points to one of the stocks listed in the Reward Pocket ("**Stocks**"). For clarification purposes, the Customer does not receive ETFs and/or stocks directly.
- As soon as the customer has linked the Vivid Points to a certain Stock, the amount of Vivid Points depends on the changes in Stock prices. For example, if the customer has linked the Vivid Points to the Apple Stock and the Stock price of Apple increases by 2.0%, the Vivid Points will also increase by 2.0%, e.g. 2 Vivid Points would then increase to 2.04 Vivid Points.
- In case of a decrease of the Stock price of the Stock linked to the Vivid Points, the amount of Vivid Points will also decrease, but not below the total initial amount of Vivid Points received by the customer. However, the Vivid Points will only start again to be higher than the initial amount of Vivid Points when the Stock price is (again) higher than it was when the Vivid Points were originally linked to the Stock price.
- The customer can decide to link the Vivid Points to a different Stock at any time. In such cases only Vivid Points that have been credited to the customer's Vivid Reward Pocket after this decision will be linked to the different Stock. Vivid Points that had been linked to the previous Stock remain linked to that previous Stock.
- The current balance of the amount of Vivid Points under consideration of the development of the prices of the Stocks linked to the Vivid Points can be seen by the customer in the Rewards Pocket.
- The customer can redeem Vivid Points at any time after he has linked the Vivid Points with a certain Stock. The customer can only redeem all Vivid Points and not parts of the Vivid Points.
- In case that the customer redeems the Vivid Points, the customer will receive a payment in Euro equalling the value of the Vivid Points into his Main Pocket. For example, if the customer has 2.04 Vivid Points in the customer's Reward Pocket, the customer will receive EUR 2.04 in his Main Pocket.
